DAILY WEATHER REPORT.

[illegible]

Dr. G. W. Lawrence [illegible] on the streets [illegible]

General Manager D. H. Robinson of the Atlanta and Pacific railroad is expected to arrive in the city on Saturday.

The exact amount of the shortage of W. C. Rogers the ex-agent of the Denver, Texas and Ft. Worth railroad is $3,102 07.

Mr. Wm. Buck and family, who have been in the city since last summer left for their home in Bentley, Ill., last night via the Rock Island.

Mr. A. N. Marion, who left the Exeter cafe on North Tejon street last summer took the Rock Island vestibule train for Boston last night, where he will here after reside.

All communications for Mrs. E. W. Chambers concerning either local, county or state W. C. T. U. work, if addressed to Colorado Springs, box 574, will be received without delay.

The committee of the Young Men's Republican club appointed to take charge of the banquet on the 22d of February, yesterday contracted with The Antlers to furnish it at the rate of $2 a plate.

Tickets for the entertainment to be given by Miss Lois Horn and Prof. D. H. Sylvester next Tuesday night will be on sale at the Consolidated Book store and Miller Bros.' drug store. Price fifty cents each.

There will be a regular meeting of Pike's Peak lodge No. 351 I. O. O. F. this evening, at which the initiatory work will be given. A full attendance is expected. All Odd Fellows visiting in the city are cordially invited.

Manager Nye has booked the following attractions to appear at the opera house before the first of April; Joseph S. Murphy, "Hole in the Ground," R. L. Downing, Little Tycoon opera company, Effie Ellsler, Joe Emmett, and Lotta.

The eminent Irish comedian, Mr. J. S. Murphy, supported by a good company, will be the attraction at the opera house next Wednesday evening. He will appear in the ever popular Irish comedy "Shaun Rhue," and will no doubt be greeted by a large house.

Constable Clark of Colorado City yesterday arrested Frank Mitchell and Maggie Thompson at the Chautauqua cottage in that city for living together as man and wife. The complaint was made by Mrs. Thompson's husband. They were held in $500 bail each to await the action of the grand jury, and in default were taken to the county jail.

The following are the dates on which the American association ball club of Kansas City will play the Colorado Springs club: Thursday, March 14; Tuesday, March 19; Friday, March 22, Monday, March 25, and possibly one extra game. The club will use the grounds in this city to practice on and their presence will give the national game a good start. The home club yesterday signed Smith of last year's club, and they also expect to secure his brother, who is to arrive from the east soon, and who is said to be a good all-round player.

A special to the Denver Republican of yesterday morning from Leadville, tells how Owen Dougherty, a passenger on the Midland west bound train of Tuesday, was robbed by his friend named Hayes, near Florissant. Dougherty got on the train in this city, and Hayes boarded it at a station further up the road. They had a bottle and both drank very freely. When near Florissant Dougherty fell asleep and soon after Hayes left the car while it was in motion. Roadmaster Murphy, who was on the train, thought something was wrong and woke Dougherty up. He immediately discovered that he had been robbed. The roadmaster stopped the train and started in pursuit. At Florissant he got a hand car and very soon overtook his man. On his person was found a $75 certified check on the First National bank of this city, and $75 in cash and a gold watch chain. Constable E. L. Young, of Florissant, brought the prisoner to this city yesterday afternoon. He was taken before Justice Shideler for examination, which he waived, and was placed under $1000 bail to await the action of the grand jury. Failing to give bail he was placed in the county jail. Roadmaster Murphy was not compelled to shoot the prisoner as stated in the Republican.

BICYCLE RACE.

Pastor Makes Good His Offer to Give a $50 Badge.

The GAZETTE owes something of an apology to the party who styled himself "Gay Pastor" and who offered to give a silver badge to the winner of a one mile race on this wide boy bicycle race to be run on Thanksgiving day. Yesterday it characterized the offer as a probable fake. Investigations from the fact that the boys who went out to the Mesa at the time appointed found no one to whom to hand the badge. Two of the boys rode the one mile course but no one was there to receive them. Yesterday the GAZETTE received the following note, accompanied by a fine gold badge of a chaste Greek pattern and in the center a small diamond. It is fully worth $50.

Colorado Springs Nov 29th '88

To the Editor of the Gazette

Please present this medal to the winner of the bicycle race and state to your readers the size and kind of wheel he rides. The center disk of the medal is being raced and will have his name put on as soon as I hear who the winner is.

Very truly, GAY PASTOR

As the matter seems to be left entirely to the hands of the paper, we will make the following suggestions which if they meet with the gentleman's approval when the badge we will see are carried out.

The badge cannot be given to either of the young men who went over the course on Thanksgiving day, as they did not complete the race only doing one mile, then there were no judges and no time taken.

We will appoint one week from to day, viz: Sunday December 8th as the day when the race will be at points to take the time and regulate the race. We will also request, if agreeable to Mr. Pastor, that the place be changed as the track suggested is not a good one, there usually being a strong wind blowing which prevents a good time being made and the course is too small for a number of bicycles to turn in. Perry Johnson's track south of town, would be much better, if it can be secured. These suggestions are made after consultation with a number of the wheelmen of the city. The badge is fully worth competing for and will be exhibited in the front window of the GAZETTE this afternoon.

MANITOU SPRINGS.

Notes and Personals From the Mountain City.

G. E. Allen and wife of Kansas are registered at the Cliff.

Messrs. David W. and J. C. Houston, of Chicago, are spending a vacation at the Springs.

Mrs. H. S. Francisco, Mrs. Bonnell and Austin Wolcott joined the Rock Island excursion to Kansas yesterday.

The old fashioned New England supper at Ruxton on Thursday night was very numerously attended, and netted about $50 for the benefit of the free reading room.

The friends of Mr. W. W. Nichols will be pleased to learn that he has received his appointment of superintendent of the night run on the C. B. & Q. railroad. He now has his headquarters at Chicago.

The weather yesterday was lovely and a startling contrast to that of the first part of the week. Quite a number of the Missouri river excursion party visited the resort during the day and appeared to be delighted with the scenic surroundings.

The second Lodge at the Cliff on Thanksgiving night was quite well attended and a very pleasant affair. Following are some of those in attendance: Mr. and Mrs. H. H. Grafton, Mr. and Mrs. A. J. Mr. and Mrs. A. Cree, Mr. and Mrs. Boynton, Mr and Mrs. Evergood, Mr. and Mrs. M. F. Bowers, Mr. and Mrs. W. H. Rogers, Mr. and Mrs. S. Francisco, Mr. and Mrs. Hutchinson, Mr. and Mrs. J. W. Mr. and Mrs. Arthur West, Mrs. Gilchrist, Misses Maud Hulbert, Cree, M. L. Jennings, L. Dallas, Bachelor, Major John Hulbert, Fuller and Messrs. Clinton F. D. Smith, Robert E. Weir, D. H. Rapp, Charles D. Shaw, Fortman, C. H. Frowine, Frank Morgan, J. C. Morgan, David W. Houston, S. C. Houston.

Charles A. Dana said to an interviewer the other day "The democratic party was defeated because it deserved to be." Mr. Dana covers the whole ground in his answer.

Senator Morgan, of Alabama goes about predicting a terrible financial panic if Harrison abandons Mr Cleveland's monetary policy. Mr. Morgan need not alarm himself. General Harrison will not only retain the best features of Mr. Cleveland's policy but has announced his intention to add some new features which will be longer remembered.

In discussing the civil service reform question the Albany Express says.

The republican party is committed to the general principle of civil service reform, and its members are sincere in that attitude. That General Harrison shares in this sentiment will be evident to all who recall the language of his letter of acceptance. We may be certain that under his administration the public service will attain as high a degree of efficiency and capacity as ever in its history. There is to be no question of the spoils. There is to be no abandonment of principle.

The Evening Post is acting very fairly since the election. Referring to the election in Virginia where Mr. Cleveland's plurality appears to be less than two thousand it speaks of the claims of the republicans that Harrison electors would have carried the state if there had been a free vote and a fair count and demands a full and searching investigation. It also comments upon the senate bill revising the tariff, and expresses that part of the senate bill referring to the tax on sugar to the part of the Mills bill. It quotes at length from Senator Allison who defended the bill to the senate, with [illegible] commendation.

It is premature to make any comments on the verdict of the coroner's jury as to the cause of the death of those killed in the recent railroad accident near Husted. The matter will later come before the courts. But there is one part of the verdict which is hardly correct. The person who is adjudged responsible for the accident was spoken of in the verdict as a "joint employe" of the Denver and Rio Grande railroad and Chicago, Kansas and Nebraska railroad. The simple facts as given by a railroad official are these: The Chicago, Kansas and Nebraska railroad pay a certain proportion of this employe's wages according to the terms of the traffic arrangements. If the latter road is dissatisfied, it can secure the removal of any employe to whom it pays a portion of his wages. But the control of the C. K. & N over these operators ends here. The operator, Wood, was employed by, received his orders from, and reported to D. & R. G. officials. For this reason the term "joint employe" hardly gives a correct impression. The jury fully exonerates the management of both roads except so far as they were responsible for the acts of this employe.

The discussion of the "James O'Brien movement," the "Cassidy movement," and the "John J. O'Brien movement" in New York city on election day may do some good, though it looks like very nasty business. These various combinations were bought up by Grant, Hewitt and a prominent republican. Colonel Elliott F. Shepherd protests in his paper that the goods were not delivered. These combinations seem to have sold out to everybody. They were all on the "make." Men of this kind ought not to be allowed to vote. It would be a good thing if in New York and other places where corruption is so openly practiced, a committee of one hundred were appointed to prosecute everyone who sold his vote and deprive him of the right of suffrage. It is very unfortunate that all these movements are conducted by men of one nationality. The loyalty and courage with which the Irishmen have adhered to their national traditions and defended their national rights is evidence that the nation as a whole is true and honest; but the scum of it seems to have centered in New York, and is really the greatest threat that we have to pure and honest government. They have made their methods pay, however. The Mail and Express has given the following list of the offices which they occupy in that city.

"They already have every member of the board of tax commissioners.

"They have for years had and still have the control of the board of aldermen.

"They have the mayor, the sheriff, the comptroller, the counsel to the corporation, the whole board of tax appeals, the majority of the police justices and of the civil justices the superintendent of public works, the superintendent of the street cleaning department, the clerk to the board of aldermen, the superintendent of the board of elections, several of the justices of the supreme, superior, and common pleas courts, the control of the board of estimate and apportionment, the majority of the board of police commissioners, a large portion of the board of education, the control of the department of charities and correction, the majority in the police force, the control of the fire department, of the board of street opening, the whole of the sanitary board, the register of deeds, the county clerk, [illegible] of jurors, [illegible] of the commissioners of accounts, supervisor of the City Record, the collector of the port, the subtreasury, the majority of the commissioners of the sinking fund, the majority of the delegation in congress, and to the state senate and assembly.

FEDERAL BUILDING AT AUGUSTA, GA.

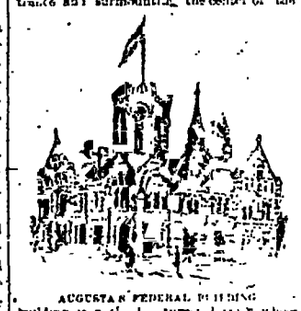
It Will be a Handsome Structure and Will Cost $[illegible]

(Special Correspondence.)

AUGUSTA, GA., Nov 30.—A bill passed the Fortieth congress appropriating the sum of $150,000 for the erection of a public building at Augusta, to be used as a post-office, U. S. circuit district court house and other purposes. The Platt lot, on the corner of Greene and Campbell streets, was selected for the site, for which the sum of $30,000 was paid. According to the terms of the purchase the lot was to be delivered clear of buildings, which necessitated the removal of the beautiful Platt mansion. To accomplish this it was necessary to cut the building in two; rollers were placed under the parts, which were rolled to an adjoining lot, and when they were reunited, the whole operation showing but slight fissures as to the wonderful skill.

Excavations for the foundations of the building were begun in July last. The work was unusually delayed by the high water in the Savannah river of Sept. 10, and after the recession of the flood the body of a drowned man was found in one of the trenches.

The architecture of the building is exceedingly ornate. The structure is rectangular in shape, fronting 159 feet on Greene street and 69 feet on Campbell. Red pressed brick and granite are the materials to be used. It will be built on a system of isolated piers and will be three stories in height, exclusive of basement. At the northeast corner, springing from a square base, an octagonal tower rises five stories to the height of 145 feet. A handsome stone parapet, decorated with terra-cotta grotesques, ornaments its top. Over the Greene street entrance and surmounting the center of the



AUGUSTA'S FEDERAL BUILDING

building is a steeple, three stories in height, whose graceful proportions will greatly add to the effect. There is an entrance from each street, opens to the lobby, each having four massive doors and approached by a flight of stone steps. The first floor will be devoted entirely to the requirements of the postal service, including the general delivery, money order department, [illegible] lobby vaults, etc. The floor will be [illegible] lated with [illegible] tiling, and the whole interior will be finished in hard woods in the most artistic manner.

The second floor will have several [illegible] courts, carrying into [illegible] and consequently will be fitted up. Here will be found the United States district and circuit judges' room, clerks' [illegible] rooms, and offices of the collector of internal revenue, [illegible] and will be provided with all necessary appurtenances and conveniences. The south east corner will be [illegible] for the accommodation of the third floor, which will probably remain unused until the necessity may arise for its use. The fifth floor and floor of the tower will be used by the United States signal service, and will prove a very convenient arranged and well located station. In the basement of the building will be located the vaults and steam heating apparatus. A central shaft will furnish adequate ventilation for the entire building. Altogether the Augusta public building will be a very handsome and well appointed structure and will compare creditably to the beautiful city it will adorn. It will be completed in eighteen months from the commencement of the work.

FALCON!

Junction of the Rock Island and Fort Worth Railroads

A Boom that is a Boom!

Hotels, restaurants and private houses besieged and overrun by new comers and investors. 100 men have found steady employment and there is now work for 100 more.

An enormous exchange business between the two railroads, requiring a score of men and acres of side and connection tracks. Every stranger that visits Falcon expresses surprise to find so many substantial improvements, so much business and life, and they become inspired with a feeling of confidence at once and want to own property here while it can be had at the original low prices. Nothing has been misrepresented to them; everything that has been advertised and promised has been fulfilled to the letter.

ONLY THINK OF IT!

Where six weeks ago was but the remnants of an old deserted sheep camp now there is a $[illegible] hotel nearly completed, two general stores, one drug store, meat market, blacksmith shop, weekly newspaper, half dozen restaurants, two large lumber yards, two railroad stations, besides numerous private dwellings.

Still we need a hardware store, a clothing store, shoe store, furniture store, brick yard, grain store, livery stable, and a great many other enterprises that this place will sustain and that will thrive and prosper.

Now is the time to invest in Falcon. Harrison and Morton's election is assured, and that means four years of good times and prosperity for Colorado.
